INDEX TO VOLUME 85

Abomasum, goat, the glands of the mucous membrane of the. By K. J. Hill, 215

Abramow, S. *See* Herrath, E. von, joint authors. Book review, 406

Activation and diffusion as factors influencing the reliability of the histochemical method for alkaline phosphatase. By Elizabeth H. Leduc and Edward W. Dempsey, 305

Adrenal gland in the rabbit, rat and cat, a comparative study of the vascularization of the. By R. G. Harrison, 12

Aitken, J. T. *See* Allbrook, D. B., joint authors, 376

Alkaline phosphatase, activation and diffusion as factors influencing the reliability of the histochemical method for. By Elizabeth H. Leduc and Edward W. Dempsey, 305

Alkaline phosphatase, bile, the relationship of, to histochemically detectable alkaline phosphatase in the biliary tract; including reference to the histology of the gall bladder epithelium. By F. Jacoby and B. F. Martin, 391

Alkaline phosphatase in the large intestine. By B. F. Martin, 140

Allbrook, D. B. and Aitken, J. T. Reinnervation of striated muscle after acute ischaemia, 376

Anastomoses, arterio-venous, in the human stomach. By T. E. Barlow, 1

Anatomical Congress, International, the Fifth, 1950: organization and logistics. By D. C. Sinclair, 182

Anatomy for dental students. By Mary F. Lucas Keene and J. Whillis. Book review by J. M. Yoffey, 299

Andrews, G. S. The histology of the human foetal and prepubertal prostates, 44

Aplasia of the male prepuce with evidence of hereditary transmission. By Theodore James, 370

Armstrong, J. A. An experimental study of the visual pathways in a snake (*Natrix natrix*), 275

Arterio-venous anastomoses in the human stomach. By T. E. Barlow, 1

Atlas der normalen Histologie und mikroskopischen Anatomie des Menschen. By E. von Herrath and S. Abramow. Book review by F. Jacoby, 406

Atrioventricular bundle, the nervous component of the. By E. J. Field, 105

Barlow, T. E. Arterio-venous anastomoses in the human stomach, 1

Barnett, C. H. The structure and function of the choroidal gland of teleostean fish, 113

Barnicot, N. A. The local action of calciferol and oestradiol on bone, 120

Barr, Murray L. and Bertram, Ewart G. The behaviour of nuclear structures during depletion and restoration of Nissl material in motor neurons, 171

Behaviour of nuclear structures during depletion and restoration of Nissl material in motor neurons. By Murray L. Barr and Ewart G. Bertram, 171

Bertram, Ewart G. *See* Barr, Murray L., joint authors, 171

Biliary tract, the relationship of bile alkaline phosphatase to histochemically detectable alkaline phosphatase in the; including reference to the histology of the gall-bladder epithelium. By F. Jacoby and B. F. Martin, 391

Bone, the local action of calciferol and oestradiol on. By N. A. Barnicot, 120

Bones, sesamoid, of the hand, and the time of fusion of the epiphyses of the thumb. By J. Joseph, 230
